

REACH Compliance Statement

Scientific and Technical Gases Ltd are fully aware of the requirements of REACH, the EU Regulation on the Registration, Evaluation and Authorisation of Chemicals and the dates by which various activities must be implemented. For further information about REACH, please contact the European Chemicals Agency (<http://echa.europa.eu>).

It is our intention to fully comply with the legal requirements and to allow a smooth transition to compliance with the minimum of disruption to our customers and relevant stakeholders.

Scientific and Technical Gases Ltd is classed as a downstream user under the REACH definitions and therefore we are not required to pre-register or register our formulations and products.

It is our intention to:

- Maintain intensive contact with our suppliers to ensure raw materials are registered for our application.
- Ensure that, on the strength of our experience, no Substances of Very High Concern (SVHC) from the ECHA Candidate List with >0.1 mass percent are included in our calibration gases & packaging.
- Communicate sufficient information to relevant stakeholders in order to provide information on identified uses within the meaning of REACH.
- Follow instructions on Safety Data Sheets and information provided on exposure scenarios.
- Provide our customers with information regarding hazards, risks and safe conditions of use of our products through Material Safety Data Sheets.
